## REASONS FOR NEGATIVE INTERNET ARTICLES / BLOGS

- I disrupt markets, introduce better solutions and expose inefficient and sometimes dark practices
- The disruption to the Status Quo often causes market stakeholders and regulators to undermine my reputation to protect their agenda, i.e. the MATRIX
- The FCA and Lloyds bank are an example of this, I discuss it on an interview with Delores Cahill [Delores Cahill Interview](#)

## THE INVERSE REALITY

- I am driven by light energy not dark
- Those that work with me and know me experience this

## THE FACTS

- I have:
- Never been fined
- Never been sanctioned
- Never received a negative judgement against me
- Never lost a court case
- Always been the Claimant or vindicated in every court case listed on the internet

## INTEGRITY FINANCIAL SOLUTIONS

- The FCA regulated company ran for many years very successfully until it was undermined by the FCA, the company was forced into liquidation by the FCA
- The FCA bribed the liquidator to accept a Public Censure of the firm
- The Censure was never accepted by me and was produced as part of the FCAs agenda to protect HBOS/Lloyds bank

## UK INNOVATIVE TI v FCA

- The company provided algorithmic trading software to FCA regulated fund managers
- The FCA speculated that the firm was managing investments without a regulatory licence
- Despite receiving a QC opinion that the firm was not managing investments the FCA closed FX Perpetual down and suspended the fund managers licence
- I took the FCA to the Upper Tribunal and won

## PPF CAPITAL SOURCE WINDING UP ORDER

- The firm was registered in Ireland as a project finance provider
- The firm was undermined by Bhupinder Singh and Martin Boulton (Struck of Barrister)
- Singh had defrauded the firm out of millions
- I won against Singh in Hong Kong and Paris, off the back of these wins I commenced UK High court proceedings to recover the money that Singh had stolen from the firm
- Singh knowing he was losing in the UK High Courts employed Martin Boulton to wind up the firm in Ireland as a strategy to frustrate the case against Singh in the UK High Courts
- Martin Boulton made up a story and got actors to claim there was a missing 5m Euros and managed to get the story into the Sunday Times [The Bogus Sunday Times Article](#)
- Martin Boulton succeeded to wind up the firm without my knowledge via clever strategy and his corrupt connections in Ireland
- It took me 18 months to annul the winding up
- The case made history as it was the first time in history that a shareholder and director had annulled a winding up order
- During the annulment process the UK High Court case was stayed and Singh eloped to Indonesia (where there is no extradition treaty with the UK) to avoid paying back the funds he had stolen

## PPF LIFE ASSETS – WINDING UP – FREEZING ORDER

- The company raised money as a closed ended investment company.
- A small % of investors conspired to wind up the firm as they were dissatisfied with the progress the firm was making with its business plan
- The shareholders fabricated a story to get a freezing order
- The order was granted without my knowledge
- I appealed, won the case and freezing order was lifted
- I received a private settlement in compensation from the shareholders
